

# BRANDON BILYEU, DO

Dear Brandon,

We want to tell you how proud we are of you. You have endured a tough journey. We, your Mother and Father, believe in you and are confident God has created you to be the compassionate family physician that you are, and that God has called you into this sacred field of medicine.

In elementary school your career dream was to be a professional football player preferably with the Seattle Seahawks. We watched as that love and commitment for sports drew you into the world of medicine. It seems you were at the doctor's office weekly with yet another sports injury. Our family physician became your friend and mentor. You battled through every injury, you never quit. We believe this determination was more out of a commitment to your teammates, not out of selfish ambition. This quality is what will make you a beloved family doctor. Your commitment now is to your patients, so much so that now you will do battle for them. You will challenge the status quo. Be steadfast in your goals. Your humility and kindness will serve you well in this endeavor.

It has been said, "You are; what you have been becoming". You have been on this formal education path for 26 years. We remember your first day of kindergarten, it was full of excitement and innocent expectations and now several milestone graduations later, it is finished. Well done, son. Now you will set out on a new path, we humbly ask God for His wisdom and for His

blessings as you begin and establish your own Primary Care Practice.

Brandon, our children are our greatest gift, loved unconditionally, truly our pride and joy. Words cannot express the magnitude of love, pride and joy that is overflowing from us today.

Congratulations on your graduation from residency,

Love,  
**Mom and Dad**

Brandon James Bilyeu ♥

Anh! You freaking did it! I cannot say how proud I am of you for all that you have accomplished over the last 3 years in residency! I couldn't be more proud of you as a person & now officially a doctor and DAD! I cannot wait to see where it all goes from here! The world needs more doctors like you & I'm so grateful they will get your care & attention! You are the best Dr. Bilyeu! I freaking love you & I'm so proud!  
♥ Jodi Bilyeu
